

SPLICE STATION

The QTEK Splice Station is a mobile unit, which encompasses all the products necessary to perform excellent splicing. The QTEK Splice Station incorporates a fixed QTEK Splice Tool secured to an ESD Safe trolley, as well as a QTEK Splice Scissors. Unique features include an ESD waste bucket, and wheels with secure brakes for portability and safety, and four separate compartments to hold various splice tapes. The QTEK Splice Station is entirely ESD safe.

QTEK Splice Tool

The QTEK Splice Tool is a product specially designed and developed by QTEK for crimping and attaching splice clips. The QTEK Splice Tool is durable, ergonomic and easy to use, and is suitable for use with all QTEK Splicing Products.

QTEK Splice Scissors

The QTEK Splice Scissors is an ingenious product, which uses locating pins attached to the side of the scissors to guarantee and accurate and aligned cutting of component reels each and every time.
